Hi Darsi,

Thanks for your email. I agree that we got it wrong in the report and the cover letter about tribal communications. I am surprised that I didn't catch this misrepresentation of the discussion during the End-of-Year conference call. My apologies. As I recall the conversation, it was in reference to communications with the Lac Du Flambeau tribe. I remember Judy Fassbender committing to work with us on improving communication with the tribe. We mistakenly have it plural as "tribes" in the letter and report. I will direct my staff to make the correction to both documents and resend them to WDNR (with your correct email).

I'm available for a call on Thursday afternoon at 4:00 pm. Does that time still work for you?

Thanks,

Margaret

Margaret

I'd like to talk to you at your earliest convenience about this email and letters. Unfortunately, I never received this email from your office – so, we still have an email/communication problem. I was forwarded the email by chance from my new

deputy bureau director, who received it from Ann Coakley.

Secondly, I don't recall the DNR committing to developing and submitting a proposal to EPA to increase communications with the tribes. So, I'd like to make sure we have a good understanding

My availability this week is:

Tuesday at 8:30 to 9:30.

Thursday from 8:30 to 11; 3:30 to 5:30

Friday at 2 to 4 pm

Thank you.

Subject: EPA - WDNR Fiscal Year 2015 End of Year Review report

Dear Ms. Coakley and Ms. Foss:

Attached is EPA's FY15 End-of-Year report. The report covers the Hazardous Waste Management Program under Subtitle C of the Resource Conservation and Recovery Act (RCRA) and the Leaking Underground Storage Tank program under Subtitle I of RCRA. As you will see in the report, EPA's evaluation has shown that WDNR has continued to administer an effective Hazardous Waste Management Program and Leaking Underground Storage Tanks Program through the end of FY15.

Please submit any comments you may have within thirty (30) days upon receipt of this report. If you have any questions regarding the report, please contact me or your staff may contact Sharon Lowery-Martin, Project Officer, at (312) 886-4583.

Wishing you all the best in 2016,

.
